

## Vermont Photovoltaic Partnership Application

*Please complete all four sections below and include payment of the \$100 application fee.*

### I. General Information:

Name of business \_\_\_\_\_ Name of contact \_\_\_\_\_

Business tax ID # \_\_\_\_\_ Type of business \_\_\_\_\_  
(Sole Proprietor, LLC, Partnership, etc.)

Mailing  
Address \_\_\_\_\_

\_\_\_\_\_

Phone number \_\_\_\_\_ Web site \_\_\_\_\_

E-mail \_\_\_\_\_

VT electrical license number \_\_\_\_\_  
(optional)

### II. Installation Standards Agreement

When installing photovoltaic systems in Vermont, \_\_\_\_\_  
(company name)

certifies that all the companies' photovoltaic systems installations will:

1. Meet all State of Vermont requirements.
2. Be completed according to Vermont Public Service Board Technical/Interconnection Standards.
3. Use only UL-listed electrical components (or equivalent) if available.
4. Include a written contract with the customer.
5. Include at least a one-year warranty on parts and labor.
6. Include a utility-grade kWh meter so performance can be tracked.

\_\_\_\_\_  
*Signature & Title*

\_\_\_\_\_  
*Date*

### III. Documentation of Insurance

Provide proof of insurance of at least \$1 million per incident, and a \$2 million aggregate.

### IV. Documentation of Professional Experience

1. Provide REV with details (type, size, location) of **three** photovoltaic systems (at least 1 kW each), at least one of which is grid-tied, that your business has installed for a paying customer within the past year.
2. Provide REV with customer contact information for each installation. Customers will be contacted to verify completion of satisfactory installations.
3. Provide REV with a copy of the Certificate of Public Good (CPG), or the CPG number, for any grid-tied system.
4. E-mail digital photos of the three installed systems to [Info@REVermont.org](mailto:Info@REVermont.org). Include images of the following system components: PV arrays, array combiner-box wiring, power panel (inverters, disconnects, etc), and system groundings. The Partnership Committee reviews images as part of the application review.

– OR –

1. Provide REV with proof that the company employee(s) who will be installing systems have been certified by the North American Board of Certified Energy Practitioners (NABCEP) for photovoltaic installations.
2. Provide details (type, size, location) of **one** grid-tied photovoltaic system (at least 1 kW) that your business has installed for a paying customer within the past year.
3. Provide REV with customer contact information for the completed installation. The customer will be contacted to verify completion of satisfactory installation.
4. E-mail digital photos of the installed system to [Info@REVermont.org](mailto:Info@REVermont.org). Include images of the following system components: PV array, array combiner-box wiring, power panel (inverter, disconnects, etc), and system grounding. The Partnership Committee reviews images as part of the application review.
