

Renewable Energy Vermont and NRG Systems present
"Renewables are Beautiful"

part of
The Vermont Arts Council
Palettes of Vermont
A Statewide Community Arts Project, 2006-2007

Thank you for participating in the "Renewables are Beautiful" art project sponsored by Renewable Energy Vermont (REV) and NRG Systems. NRG Systems has provided 100 wooden palettes for this clean energy inspired art exhibit. Your palette will be one of thousands that have been created as part of the Vermont Arts Council statewide Palettes of Vermont initiative.

This REV/NRG project will conclude with a public art exhibit and silent auction in the weeks leading up to REV's annual conference on October 19, 2006 at the Wyndham Hotel in Burlington.

This form must be completed and turned in (along with your palette artwork) to one of the collection sites listed on this form by Friday, September 1, 2006 (during regular business hours) to be included in REV's fall art exhibit. For more information, please contact REV at 802/229-0099 or visit www.revermont.org.
