REV's Mission

Renewable Energy Vermont represents businesses, non-profits, utilities, and individuals committed to reducing our reliance on dirty fossil fuels by increasing clean renewable energy and energy efficiency in Vermont.

Vermont's clean energy economy supports at least 17,715 sustainable jobs, representing approximately 6% of Vermont's workforce. Together, we will achieve 90% total renewable energy (electric, thermal, transportation) by 2050 to reduce climate pollution. REV is the driving force in expanding renewable energy in Vermont.

Since 1999, REV has grown renewable energy and efficiency opportunities and choices in Vermont through:

- ✓ Legislative and regulatory advocacy
- ✓ Public education
- ✓ Business promotion
- ✓ Networking opportunities
- ✓ Incentive creation

REV convenes our members, allied organizations, and regulators to:

- Transform Vermont's economy with sustainable energy jobs
- Ensure a secure and local clean energy future for our state that promotes self-reliance
- Drive environmental and energy policy that cuts climate pollution to protect the planet for current and future generations

What We Do for Our Members

REV works for you as Vermont's only advocacy organization dedicated solely to advancing renewable energy and efficiency in the state.

- ✓ We are your advocate at the State House, Public Service Board and within state and local government
- ✓ We coordinate training and installation review programs for in-state renewables
- ✓ We identify and build strategic partnerships to develop new programs for renewables
- ✓ We showcase our members to the media and the public to expand your business opportunities
- ✓ We promote clean energy job opportunities
